

## TWO OFFICE BUILDINGS IN LUSK DEVELOPMENT, Del Mar, Ca.

Project completed at RDI&A Role: Project Landscape Designer

**Project Information:** These corporate office buildings located in the Lusk Development were designed to accommodate entry circulation & workers' leisure space. Interior courtyards were designed with runnels of water & fountains to create informal seating & meeting areas. The landscape design (shown in the lower 2 photos) is an open green entry with a plaza defined by white-barked ficus trees and low retaining walls suitable for seating.
